Issued October 1, 1936.

UNITED STATES DEPARTMENT OF AGRICULTURE
AGRICULTURAL ADJUSTMENT ADMINISTRATION
WASHINGTON, D. C.

1936 AGRICULTURAL CONSERVATION PROGRAM - NORTH CENTRAL REGION

Bulletin No. 3.

Pursuant to the authority vested in the Secretary of Agriculture under Section 8 of the Soil Conservation and Domestic Allotment Act, North Central Region Bulletin No. 1, Revised, as amended, is hereby supplemented as follows:

Section 1. County Average Rates of Soil Conserving Payments for Diversion from the General Soil Depleting Bases to Soil Conserving Crops:--In accordance with the provisions of Section 2a, Part II, of N.C.R.-B-1, Revised, and subject to the provisions of said bulletin and all other bulletins heretofore or hereafter issued, the county average rates of payment per acre to be used in determining payments for each acre diverted in 1936 from the general soil-depleting base to the production of any soil-conserving crop shall be as follows in the respective counties of Ohio, Indiana, Illinois, Michigan, Wisconsin, Minnesota, Iowa, Missouri, South Dakota, and Nebraska.

OHIO

Section 2. Rates of Payments as Applied to Individual Farms.--For individual farms in the foregoing counties, the rate of payment for each acre of the general soil-depleting base which in 1936 is diverted to the production of any soil-conserving crop shall be that rate determined by multiplying the county average rate for the county in which the farm is located by the productivity index established for such farm in accordance with the provisions of N.C.R.-8, Revised, and then dividing the result by 100.

(S E A L)

IN TESTIMONY WHEREOF, M. L. Wilson,
Acting Secretary of Agriculture, has
hereunto set his hand and caused the
official seal of the Department of
Agriculture to be affixed in the City
of Washington, District of Columbia,
this 3rd day of July, 1936.

M. L. Wilson

Acting Secretary of Agriculture.

V PITS 15 PAY

NCR-B-3-A

UNITED STATES DEPARTMENT OF AGRICULTURE
AGRICULTURAL ADJUSTMENT ADMINISTRATION
WASHINGTON, D. C.

1936 AGRICULTURAL CONSERVATION PROGRAM - NORTH CENTRAL REGION

Bulletin No. 3-A

Pursuant to the authority vested in the Secretary of Agriculture under Section 8 of the Soil Conservation and Domestic Allotment Act, North Central Region Bulletin No. 3 is hereby amended by the addition of Sections 3, 4, 5, and 6, which read as follows:

Section 3. Normal Amount, Raw Value, of Sugar Commercially Recoverable Per Ton of Sugar Beets:--The number of pounds, raw value, of sugar commercially recoverable per ton of sugar beets in each State in the North Central Region in which sugar beets are grown is:

<u>State</u>	<u>Pounds</u>	<u>State</u>	<u>Pounds</u>
Illinois	299	Nebraska	290
Indiana	300	Ohio	297
Iowa	288	South Dakota	314
Michigan	308	Wisconsin	299
Minnesota	305		

Section 4. Normal Yield Per Acre of Sugar Beets:--In accordance with the provisions of Section 3 of Part II of N.C.R.-B-1, Revised, the normal yield per acre of sugar beets for a farm will be the representative yield for such farm which was established, or could have been established, under the procedure for the sugar beet adjustment program for 1935. For farms on which sugar beets are grown in 1936 for which the normal sugar beet yield cannot be established under such procedure, the normal yield for such farm will be the average yield for the period 1930 to 1933, inclusive, for the district of the factory to which the beets are contracted to be sold.

Such adjustments may be made in any yield established as aforesaid as the county committee or State committee determines may be necessary more accurately to reflect the normal yield for the farm, provided such adjustment shall not result in any increase in the weighted average yield for the county or factory district above the weighted average yield for such county or factory district prior to such adjustment.

Section 5. Normal County Average Yield Per Acre of Flaxseed:--In accordance with the provisions of Section 4, of Part II, of N.C.R.-B-1, Revised, the normal yield per seeded acre of flaxseed shall be as follows in the respective counties of the States of the North Central Region:

County Normal Yield Per Acre
